

## Crown Solutions is Now a Part of the Veolia Water Solutions & Technologies Family

In November 2006, Crown Solutions became a part of Veolia Water Solutions & Technologies (VWS). We are excited about the new opportunities this allows us to offer and have prepared this Question and Answer material to answer questions you may have about Crown Solutions and Veolia Water Solutions & Technologies.

### **What is Veolia Water Solutions & Technologies?**

VWS is a world leader in engineering, design, project management, and execution of construction projects for water and wastewater applications. The company also creates dedicated technological solutions. Its unique portfolio of differentiating technologies, developed by the Group's R&D centers, ensures unsurpassed innovation and the control of each treatment line for industries and public organizations. Furthermore, a whole range of associated services is offered on each site to guarantee the technological efficiency and life expectancy of the installed solutions. VWS continually extends and enriches its offer to guarantee expertise and competence at every step of the projects it undertakes.

### **How will this affect Crown Solutions?**

The easiest way to describe this is "MORE." Crown Solutions will be the same robust, solution-centered company that you have come to rely upon and trust. With VWS, we will have

**more** capability, **more** resources, **more** offerings, and **more** solutions.

### **Where is Crown Solutions headquartered?**

Crown Solutions is still headquartered in Vandalia, Ohio, where we have always been.

### **What does this mean to me?**

The Crown Solutions people and services will stay the same. Customers will now have access to more water solutions, as well as the financial strength, innovation and reliability of VWS.

### **What changes will there be?**

Our name will officially change from *CROWN Solutions, Inc.* to Crown Solutions Co LLC, but we still go by just Crown Solutions. The logo will change as well, as you might have already noticed.

### **Are the Crown Solutions people, services, and products going to remain the same?**

Absolutely! The people, services, and products that you have come to rely upon will remain the same.

### **Who should I contact at Crown Solutions now?**

The existing contact channels are unchanged. Continue to contact the account managers, sales people, etc. that you work with today.

# CROWN SOLUTIONS CUSTOMER NEWSLETTER

## What makes Crown Solutions different?

Crown Solutions creates true water solutions. Whether the solution is equipment, chemical, or operational, Crown Solutions is part of your team to create the best water solution for your needs.

## What is in the Veolia Water Solutions & Technologies name?

VWS is a division of Veolia Environnement which is the world's largest environmental services company with over 150 years of experience and over \$35 billion in annual revenue. Veolia Environnement has nearly 2,000 offices in 84 countries and more than 300,000 employees.

## What other Veolia business units offer solutions that I can use?
